

## CHANGES TO THE DONOR HISTORY QUESTIONNAIRE

Because of regulatory requirements, we occasionally add or modify the health and history questions asked of donors. ***You should carefully read and review every question on the history questionnaire and accompanying materials every time you donate.*** Please skip any questions that you do not fully understand. Screening personnel will review your answers with you privately and answer any questions you may have.

**As of October 7, 2023, changes were made to the DONOR HISTORY QUESTIONNAIRE, EDUCATIONAL MATERIALS, and MEDICATION DEFERRAL LIST. These changes involve:**

- Added donor history questions
- Renumbered donor history questions
- Removal of several donor history questions
- Changed time periods on donor history questions
- Modifications to the medication deferral list
- Updated donor educational materials to correspond to the above changes

We are asking all donors to carefully review and read all materials prior to answering the donor history questionnaire. Please ask a staff member if you have any questions.

Thank you!
